RE: Case# 2006-00110 and Case# 2006-00309

Dear Mr. Bowman,

Enclosed, please find a letter prepared by Nello Corporation in response to your deficiency letter dated July 14, 2006 in reference to our Case# 2006-00110.

As per our phone conversation on Thursday July 20<sup>th</sup> of last week, the PSC would be satisfied with a letter from the tower manufacturer and licensed engineer stating that the tower foundation design would be based upon the soils report and tower loading requirements. I have also attached a tower profile drawing for each site.

Please accept these enclosures (six copies per site) as an amendment to our original applications for both Case# 2006-00110 (Monticello North) and Case# 2006-00309 (Gradyville).

Please feel free to contact me with any questions regarding this information

Sincerely,

RE: Case No 2006-00110  
Filing Deficiencies

The Commission staff has reviewed your application in the above case. This filing is rejected for the reasons set forth below.

1. Filing deficiencies pursuant to 807 KAR 5:063:

807 KAR 5:063: Section 1(1)(j) The tower and foundation design plans and a description of the standard according to which the tower was designed, signed and sealed by a professional engineer registered in Kentucky;

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date. When you file the required information to correct the deficiencies, you may refile your proposed tariff with a new proposed effective date that is at least 30 days from the date you file the required information. You are requested to file 10 copies of this information within 15 days of this letter. If you need further assistance, please contact Eric Bowman at 502/564-3940 ext. 440.

Sincerely,

A handwritten signature in cursive script that reads "Mike Burford".
